

MBR 2014 World Tour Rules

Order of Events:

JR Mini Bull Riding, SR Mini Bull Riding

1. The judges will have the official times during the events. The latch side judge will have the time in case the official buzzer malfunctions.
2. All riders compete one handed.
3. Two judges will be used and will score each ride 1-25 for the rider & 1-25 for the stock, then the scores will be added up and this will constitute the score. The score will also serve as the rider's points see example below. **The top 15 scores after 2 performances will return for the Short-Go (this number may vary by event but will never be more than 15 or less than 5).** A contestant could qualify on one head. Again no more than 10 will return to the short-go, unless there is a tie for the 10th position. **Judges decisions are final.** Parents or other persons approaching, engaging, petitioning, or protesting in any way which is distracting to the judges, arena directors, or MBR officials during the event for any reason, their child will be disqualified for that event and subject to further suspensions or disciplinary action. Example: 1st ride 68 pts, 2nd ride 70 pts going into the short go the rider would have 138 pts.
4. All stock will be flanked. There will be no using of the hot shot prior to the ride. **It is also the responsibility of the contestant to make sure he or she is competing on the correct head of stock. Competing on the incorrect stock will result in disqualification on that ride.**
5. In the event of a tie the contestants involved will draw their animal from the hat.
6. Stock will be drawn before the bull riding starts. The draw is done by the judges, the arena director, and monitored by the Chairman or Co-Chairman of the MBR.
